COURSE OBJECTIVE
The objective of this course is to embark students with the following knowledge:-
- awareness among students on the use of English structures;
- exposure on the use and functions of English structures;
- build up their confidence in order to achieve accurate language use in a communicative context;
- develop their autonomy and become responsible for their learning;
- be more accurate in the language use.

LEARNING OUTCOME
Upon completion of this course, student will be able to:-
- Understand the importance of English structures;
- Use the appropriate functions in a English structures;
- Communicate confidently and use appropriate terms;
- Understand the importance of life long learning.

TEACHING METHODS
- **Maximum teacher contact time:** Five lessons a week means that you have more time with your teachers. They will be there to correct your mistakes and point you in the right direction.
- **Intensive focus on all skills:** The longer in lesson, the longer you can seriously focus on your four key skills: Speaking, Listening, Reading and Writing. Of course other skills such as pronunciation, grammar, vocabulary, and spelling all play a role in effective language communication.
- **Topic based lessons in everyday contexts:** With newspapers, CD’s, internet, video and other authentic resources, our teachers use ‘real- life’ materials that not only help you to understand how language is used by native speakers, but these materials help you to study language independently long after you have left SLC.
- **A focused yet relaxed classroom environment:** Our classrooms are places where hard work is carried out in informal and relaxed settings. Your ability and motivation will improve in a classroom with a great atmosphere.
